

The Village Garden - July 2020 - Recent Activities

The garden has continued to flourish over winter. This is mainly because the weeds did not respond to any shut down orders, hence Shirley has continued with care and maintenance of the garden.

Due to a generous donation of young tomato seedlings we are in great need of small pots. We would prefer the kind photographed below. As you may be able to see from the ruler carefully posed with them the pots are about 9cm in height. If you have any to spare please drop them in at the Village any time.

We also have a few bales of pea straw still for sale. The bales are available at \$12 each.

The Village in Triabunna is a volunteer run community centre Project of ERDO. The Village is located at 20 Melbourne Street, Triabunna.

Fresh organic vegetables are still being delivered from Paddy's Paddock on Wednesdays to the vegetable stall at the Village gate off Melbourne Street. These vegetables are delicious and usually sell quickly.

The Village garden has been able to recently purchase a green house. If you have any suitable shelving that you would like to donate to it, we will be a happy recipient.

The first market for the Village for a while will be Sundy 20th September. The Village Garden will have a stall and is already preparing stock for all to purchase. We look forward to seeing you all there.

Thanks Shirley
